I-PAVER

The I-Pavers are time tested pavers which have good perfection in matching with each other ensuring perfect laying. We at **Mannat** ensure perfect quality and shape of these pavers using state of the art process line, steel pallets and high grade aggregates, cement, additives and colours. These pavers have wide range applications and can be used universally.

Mannat Enterprises

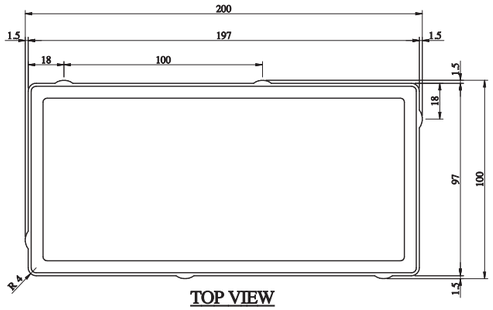

ZIG-ZAG PAVER

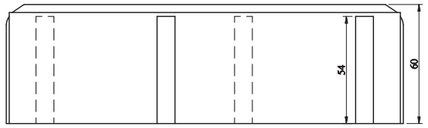

We at **Mannat**, manufacture high quality zig-zag pavers using quality inputs and guaranteed colour tones. The perfect compression, the use of steel pallets ensure accurately designed, perfectly matching pavers, which are totally defect free. The pavers have wide application in roads, footpaths, parking space etc. As these pavers are of higher density and thickness. The zig-zag pavers are extensively preferred for formation of roads and paths for heavy duty vehicle movement.
